DECEMBER 2015 NEWSLETTER OF THE UPSTATE CHAPTER OF THE SC NATIVE PLANT SOCIETY

Upcoming Society Events (in Bold)

± Approximate time

Saturday, Jan 9, 10:30 am **DNR Workday at Stevens Creek HP** **in McCormick County**

"Please consider joining us at Stevens Creek Heritage Preserve for a few hours of privet and honeysuckle control. We'll also do some trail maintenance, if needed. We always find something in bloom to admire, too. Wear appropriate work clothes and bring your lunch. I'll bring drinks and extra gloves.

"Let's meet at the preserve parking area at 1355 Garrett Rd., Clarks Hill, at 10:30 am. Plan on two hours of work (we won't stop you from working longer). If it is raining hard or snowing or sleeting on the 9th, please consider coming on our alternate rain date, Saturday, January 16 (same time & place).

"Let's keep this Natural National Landmark in great shape; we'll see you there!" — Mary Bunch, (864) 654-6738 x15, email bunchm@dnr.sc.gov

Stevens Creek HP is in the southern tip of McCormick County. From the town of McCormick, go south on US 221/SC28. After US 221 veers right off SC 28 at Clarks Hill, go south on SC 28 for .2 miles and turn left onto the first paved road. After crossing a railroad, turn left onto secondary road 88 and go 1.2 miles to the parking area on the left. If you come to the steel girder bridge (scheduled for dismantling soon) over Stevens Creek, you've gone too far.

± Approximate time

Afterwards, we will plant some plants at our Cleveland Park site in Greenville.

Please sign up with Bill Sharpton, gsharpn@aol.com • This will allow us to better plan the day's agenda, and it is the only way we can know whom to contact if there is a change of plans, rain delay, etc. Be sure to provide a phone number!

Bring gloves, shovel or sharpshooter; wear long pants. If you have available, please bring POTS 3-gallon and larger.

Directions to the Twin Chimneys Landfill plant rescue site: From Greenville, take US Hwy 25 South to Ware Place (where 418 & 8 intersect 25). Go south approximately 7.5 miles; turn left onto West Ridgeway; bear

right onto Traynham Road, then look for signs.

Fall Seed Collecting Trips Resume for 2015.

Dense Blazing-star (*Liatris spicata*), Silvery Aster (*Symphyotrichum concolor*), Horseflyweed (*Baptisia tinctoria*), Wild Quinine (*Parthenium integrifolium*), Whorled Coreopsis (*Coreopsis major* var. *rigida*), Grass-leaved Golden-aster (*Pityopsis adenolepis*), Smooth False-foxglove (*Aureolaria flava*), Little Bluestem (*Schizachyrium scoparium*), and Kidneyleaf Rosinweed (*Silphium compositum*) were some of the seeds gathered by our hardy group of seed collectors. We look forward to seeing these plants at an upcoming plant sale!

Editor's Note: Don't all these fellows look like ship captains?
