

The Journal of the SOUTH CAROLINA NATIVE PLANT SOCIETY Bibliography

Although no longer in print, The Journal was an inspiring publication for a decade with features and writers that remain relevant to this day. On this foundation the SCNPS media share has evolved to e-mails, newsletters and various social media platforms, but these treasurer's are worth preserving for today's readers.

- Oct 2016** [SCNPS: 20 Years of Growth](#)
[Leads Protection of Shoals Lily Site](#)
[Should you Dig Plants from the Wild?](#) by Bill Stringer
[Wayne M. Grooms Memoriam](#)
[Fall Foods from Nature](#) by Dan Whitten
- May 2015** [SC Native Symposium](#)
[Dealing with Dear](#) by Ken Gohring, Georgia NPS
[Roadsides: Havens for Herbaceous Natives,](#) by Bill Stringer
[Shoals Spider Lilies at Stevens Creek in McCormick County](#) by Bill Stringer
- March 2014** [The Asters of SC](#) by Bill Stringer
[The Plight of the Bee \(Honey and other\)](#) by Bill Stringer
[Southeasternflora.com: A Practical Resource for Native Plant Identification](#)
by John Gwaltney, Forestry Suppliers, Inc.
[The Art and Science of Growing Native Azaleas in the Southeast](#)
by Rick Huffman
Lowcountry Chapter Progress (established 1999)
- May 2013** [The Sunflowers of SC](#) by Bill Stringer
[NameThatPlant.net: Native and Naturalized Plants of the Carolina's and GA](#)
by Janie Marlow, developer
[Autumn is Easy if you are a New Tree or Shrub](#)
- Winter 2012** [Sweetgrass: Protecting ecology, culture, and livelihoods](#)
By Brian Grabbatin, PhD Candidate Unit of KY
[The Genus Baptisia in SC](#) by Bill Stringer
[Dandelions, True or False?](#) by Jan Haldeman, Prof Emerita, Erskine Collage
15th Annual SCNPS Native Plant Symposium (April 2012)
- Winter 2011** [What is a Native](#) by Patrick McMillan
[Private Property Rights as Related to Invasive Exotic Plant Species](#)
by Johnny Stowe, SC DNR
14th Annual SCNPS Native Plant Symposium (April 2011)
[How the Eucalyptus Came to California – A Cautionary Tale](#)
by Teisha Rowland

- Spring 2011** Declining Shoals Spider Lily Populations in the Savannah River
By Drs. Judy Gordon and Donna Wear
Bradford (Callery) Pear: An Invasive Plant Problem by *Dr Bill Stringer*
Lauren Wilt, a Growing Disease Problem in Bays and Other Woody Species
by *Joel Gramling, Dept of Biology, The Citadel*
Lespedeza (Clover) Species in the Carolinas by *Bill Stringer*
The Hickories by *Ken Bohring, Georgia NPS*
- Fall 2010** Boeing Site Plant Rescues by *Jean Everett, PhD, College of Charleston Biology*
Invasive Plants in Exotic Islands by *Diane Coiner*
The Challenge of Plant Identification by *Steven R. Hill*
- May 2010** The Wateree Trillium by *L.L. Gaddy*
Recurring in Woodlands – Observations by *Jeane Saylor Reeves*
SCNPS Plant Rescues
Spring Seed Collection Field Trip by *Ann Barklow, Garden Magic Co.*
Epiphytic Plants by *Joel M. Gramling, Biology Dept, The Citadel*
- Fall 2009** Native Alternatives to Introduced Grasses by *Bill Stringer*
The View from Here by *departing president, Dr. Bill Stringer*
Do-It-Yourself Plant Lists by *Bill Stringer*
Off the Beaten Path: SCNPS 2009 Symposium
Using our SCNPS List Serve Facility by *Bill Stringer*
Seed Production and Transfer: Issues, Guidelines and Possibilities
by *Jeff Glitzenstein, TJSavereno, Donny Gustafson & Robin Mackie*
Warm Season Native Grasses in Bloom
- Winter 2007** Native Alternates to Invasive Plants by *Jeanne Malmgren*
6th Eastern Native Grass Symposium
Recovering Our Native Treasurers
by *Jo Meyerkord, Center for Plant Conservation*
Why all this Change in Botanical Names by *Patrick McMillan*
Kudzu Control Methods and Strategies
by *Matt Nespecca, SC Chapter of The Nature Conservancy*
11th Annual Native Plant Symposium
Rocky Shoals Spider Lily Festival, Columbia Riverfront Park May31 2008
- Spring 2007** Orchids of the Francis Marion National Forest by *Jim Fowler*
Plant Origin Terms
Two New Georgia Aster Finds by *Sudie Davis*
Beware: Cogongrass is Coming! by *Bill Stringer*
The USDA Plants Database: A Review by *Bill Stringer*
- Winter 2007** South Carolina's Native Magnolia's by *Richard B Figlar*
Native Wisteria by *Dr. Jan Haldeman, Prof Emerita of Biology, Erskine College*
Soils of the Matthews Memorial Bay by *Charles Everette, College of Charleston*
Cogongrass in the Francis Marion National Forest
by *Jean Everette, PhD, Dept Biology, College of Charleston*
Rocky Shoals Spider Lily by *Andrew Lazenby, Winthrop Univ*
