

The South Carolina Native Plant Society Upstate Chapter  
**Spring Sale is ON!**

**WHEN:**

**April 15, 9am – 1pm**

**WHERE:**

**Conestee Park  
840 Mauldin Road, Greenville**

**MEMBERS & VOLUNTEERS:**

**Early online access — April 8 & 9!!!**

**Plant something for the pollinators this spring!  
The **birds** and **bees** and **butterflies** need YOU!  
(And — We need THEM!)**

The **South Carolina Native Plant Society** (SCNPS) is a non-profit organization committed to the preservation, protection, and restoration of native plants and habitats in South Carolina. We are dedicated to educating our friends and neighbors about the benefits of **bio-diversity**, **sustainability**, and **native landscapes** and **ecosystems**.

We host programs and activities including **field trips**, **plant rescues**, **plant sales**, and **educational lectures**. We support efforts by government agencies in **protecting endangered species and habitats**. And we advocate for the use of native plants in both private and public landscaping projects.

**And, it's tons of fun! JOIN US!!!** Come help us **save the planet**, one native plant at a time!
