

## Plants Native to South Carolina + Relative Abundance by Region (updated 1/8/22)

This list is based primarily on Weakley's Flora:

<https://ncbg.unc.edu/research/unc-herbarium/floras/>

**Plants are sorted by:** Group, then Family, and then Scientific Name (Genus species)

**Groups:** Eudicotyledonae, Ferns, Gymnosperms, Horsetails, Lycophytes, Magnolids+, and Monocotyledonae

**Stay tuned:** Our new website, to be launched later in 2022, will enable filtering and sorting of tables like this one!
