

South Carolina Native Plant Society - Upstate Chapter

Spring Native Plant Sale

About the Event

Proceeds from this event support SCNPS's non-profit work to protect, restore, and educate about South Carolina's native plants and habitats. This includes our 2024 victory in helping secure Greenville County's 100' riparian buffer requirement along waterways to protect critical ecosystems, as well as our role in preserving the rare biodiversity of Lewis Ocean Bay.

12 APRIL 2025

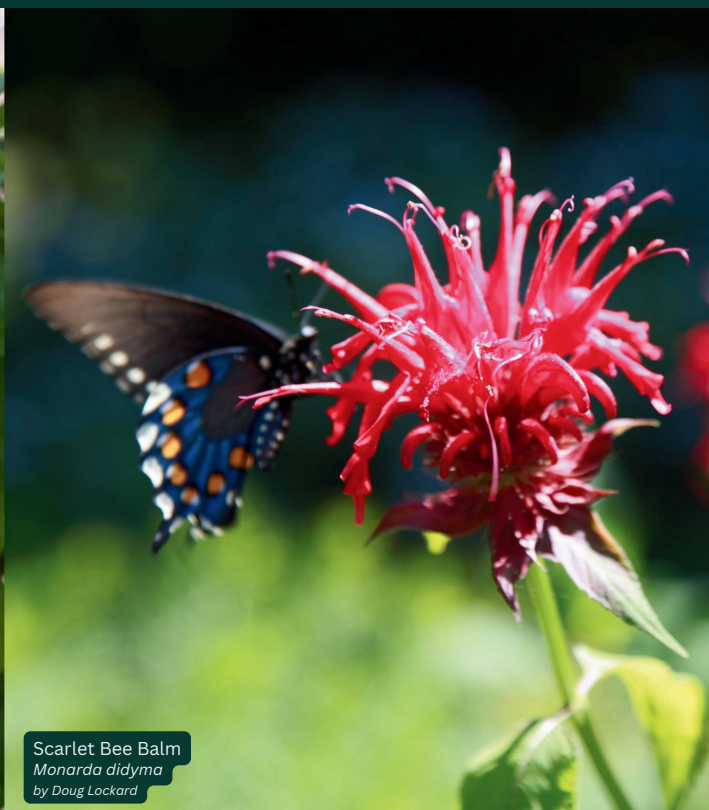

9:00 AM - 1:00 PM

**STADIUM AT CONESTEE PARK,
840 MAULDIN RD,
GREENVILLE, SC 29607**
